Call for Abstracts

Chemical Recycling - Beyond Thermal Use of Plastic and other Waste

Topics of Keynote Lectures

- Qualities of Waste Plastics & other carboncontaining Waste Streams
- Processes for Waste Conversion into Valuable Products
- Thermodynamics and Energy Efficiency of Waste Processing
- Strategic Topics (Raw Material Substitution, Waste Removal, GHG Avoidance, Regulatory Frameworks, others)

Organized by

ABOUT THE CONFERENCE

The Conference is jointly organized by the DGMK Divisions "Petrochemistry" and "Conversion of Carbon Carriers", the Division of Industrial Chemistry of the Società Chimica Italiana (SCI) and the ÖGEW Österreichische Gesellschaft für Erdölwissenschaften.

This conference brings together experts from industry and academia. A unique feature of this conference over the years is the high participation from industry, representing roughly one third of the delegates. This makes this conference an ideal platform for networking.

The Conference will address both scientific and technical issues such as:

Chemical recycling, value-added products from plastic waste, logistics of plastics recycling, separation technologies, polyolefins functionalization, regulatory issues and many other topics.

Abstracts on both fundamental studies and applied research around the above topics will be highly welcome.

English will be the Conference language throughout. The scientific program will consist of keynote lectures (upon invitation only) by renowned experts in the field, oral presentations and poster presentations. There will be no parallel sessions and ample time will be allowed for discussion. The preprints with the manuscripts of keynote, oral and poster presentations will be handed out in electronic form to registered participants only at the Conference desk.

GUIDELINES FOR ABSTRACT SUBMISSION

All proposals should contain the envisaged title of the paper, the authors' names and affiliations including their addresses and a concise abstract. The complete proposal should not exceed one typewritten page. Please note that we intend to provide the accepted abstracts on our homepage. We therefore kindly ask you to use the template for abstracts on our website. Please note that authors will not be exempt from paying the Conference fee.

SCIENTIFIC COMMITTEE

Dr. Michael Bender, BASF SE, Ludwigshafen

Dr. Holger Blanke, BP Europa SE, Bochum

Dr. Harald Häger, Evonik Performance Materials GmbH, Marl

Prof. Dr. Dieter Vogt, Technische Universität Dortmund

Division of Conversion of Carbon Carriers

Tilman Bechthold, RWE Power AG, Essen

Prof. Dr.-Ing. Bernd Epple, Technische Universität Darmstadt

Dr. Steffen Krzack, TU Bergakademie Freiberg
